

Cross-curricular Non-fiction

~ News Article Assignment ~

For today's class session:

1. Find two articles on a cross-curricular topic that interests you (a cross-curricular topic is a topic that overlaps with another class subject such as science, history, math, engineering, etc.) Or, if you prefer, you can choose two articles on a current event or news topic.
2. Read the two articles, and then write at least three paragraphs on the following:
 - a. Summarize the contents of each article.
 - b. Compare and contrast the information and viewpoints presented in each of the two articles. In what ways are they similar? In what ways are they different?
 - c. What are your thoughts on the topic? Is this an important issue? Why, or why not?
