Strong points - What is working well?	Weaker points - What needs work?

1. **Plot:** Does the narrative focus on an event in the author's life? Does it have a clear beginning, middle, and end? How could the narrative be improved in this area?

2. **Setting and Characters:** Does this narrative have a clear setting in which the events are taking place? Are the characters' actions clear? Do we understand why they behave in the ways they do?
